R. Oyarzun (2021) [Aula2pontonet](https://www.aulados.net)

The Pink Granite, near the Min Ruz Lighthouse. La Clarté facies (pink coarse grained facies).

Some outcrops (1-5) of the complex intrusion of Ploumanac'h and details of its mineralogy and textures.

1: In front of Île Milliau: La Clarté facies.

2: Toénot: transitional zone, granite of Aganton.

3: Île Grande: central zone, two-mica granite.

4: Trégastel: hybrid facies: mafic-felsic. Mafic xenoliths, and feldspar crystals embedded in a mafic matrix.

5: Ploumanac'h: La Clarté facies.
